Wallace 2nd NL Insert

LAUREL, Md. Wallace 2nd NL a321 insert after 10th graf: Jan. 13.

A source close to the investigation said FBI agents combing Ermer's Milwaukee apartment found small handwritten scraps of paper which showed he had allied himself with "left-wing causes." The source did not elaborate.
A name check of FBI files failed to turn up any record that Ermer has been convicted of a major crime, the source said.
